

# TUCKER

SAFETY PRODUCTS INC.

## Ultimate Safety.... Approved for Foodservice

### Maximum Safety

The ultimate in wearer protection from multiple heat sources, wet and dry.

### Maximum Sanitation

All of our products are designed to inhibit the growth of bacteria. The QuickClean™ VaporGuard® barrier does not allow anything to stick to it, which prevents soil build up and reduces the risk of cross contamination. Every QuickClean™ product is quick and easy to clean.

### Maximum Service

We design industry-leading products that can be trusted and that offer effective personal protection against burns or cuts throughout foodservice operations. We offer a one-year warranty against manufacturer's defects. If our customers are not 100% satisfied, we will work with them until they are.

### Maximum Savings

Our innovative, high-grade materials protect wearers better for a longer period of time. The kit lasts 10 times longer than traditional protection products.
