MAXIMUM SAFETY

Worker safety is critical to the success of any business. Protecting them from injury must come first. Tucker burn protective products offer the ultimate in wearer protection from multiple heat sources, wet and dry.

MAXIMUM SANITATION

While all our products are designed to inhibit the growth of bacteria, our *QuickKlean™* Protective Apparel takes it a step further by not allowing anything to stick to the surface. This prevents soil build up and reduces the risk of cross contamination. Every *QuickKlean™* product is quick and easy to clean. Simply rinse clean and sanitize at the sink.

MAXIMUM SERVICE

We manufacture industry-leading products that can be trusted and that offer effective personal protection against burns or cuts throughout foodservice operations. We offer a one-year warranty against manufacturer's defects. If our customers are not 100% satisfied, we will work with them until they are.

MAXIMUM SAVINGS

The removable liner ensures full life cycle by allowing removal, cleaning, and drying of the liner alone. The gloves last at least 10 times longer than traditional cotton quilted oven products.
