

POLY-COTTON & *NOMEX*® PRODUCTS (INTERCHANGEABLE LINERS) WASHING INSTRUCTIONS

Recommended Frequency: Daily or spot clean as needed throughout the day
Where: Machine Wash / 3-compartment sink (Spot Cleaning only)

1

Inspect for excessive wear or damage. Discard immediately if damaged and replace.

2

Separate outer shell from inner liner.

3

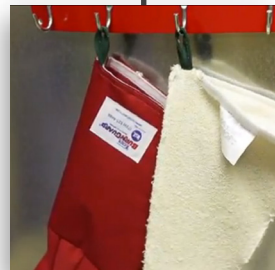

Machine wash in warm water on regular or normal setting. Use liquid detergent for best results.

4

Tumble dry on a warm setting, or hang to air dry on designated Safety Station.

Note: Reinsert inner liner into outer shell if putting back into service.

Protective apparel is safe to use wet or dry and can be put back into service immediately.

5

Once dry, reinsert inner liner into outer shell and put back into service.
