

Tucker HeatHandler FSJ Quilted Oven Mitt with Tucker's Exclusive Coated Kevlar GussetGuard

Elevate your kitchen's safety and comfort with a value price with the Tucker HeatHandler FSJ Quilted Oven Mitt. Designed to deliver professional-grade performance, this oven mitt brings the same high standards found in Tucker's premium BurnGuard line—without the premium price. Crafted with a high-quality non-stick outer shell and industry-leading heavyweight terry cloth lining, it offers reliable heat protection up to 450°F / 232°C. The outer shell is both easy to wipe clean and fully launderable, maintaining its protective features even after washing. For added durability in high-wear areas, the mitt features Tucker's exclusive coated Kevlar thumb crotch, offering superior abrasion resistance and long-lasting performance.

Heat Protection Gloves
